No	Types of Figurative Language	Amount
1	Simile	-
2	Metaphor	2
3	Hyperbole	-
4	Personification	3
Total		5
No	Types of Meaning	Amount
1	Affective Meaning	3
2	Reflective Meaning	5
Total		8

#### 4.2 Conclusion

Figurative language is beautiful words that are used to given an effect in way to make comparison between one thing to another thing. It also forces the reader to imagine or intuit what an author means with an expression or statement. So, it is very important to us to understand figurative language.

In song lyrics of Maroon 5 have many figurative languages. It makes reader to guessing what the singer tries to say into their songs. The singer also uses figurative languages to show many expressions, such as: sex, broken heart, falling in love, or teenager’s life.

It can be concluded that there are four figurative languages analyzed in this study, namely simile, metaphor, hyperbole, and personification. The figurative language mostly used in those song lyrics of Maroon 5 was metaphor because this figurative language was mostly found in the lyrics. However, there are also other types of figurative language used in several song lyrics such as simile, hyperbole, and personification. In addition, the meaning mostly used in the song lyrics of Maroon 5 was reflective meaning. There is also other kind of meanings used in several song lyrics such as affective meaning.

The writer hopes that figurative languages that are found in this term paper can be useful for future research. In addition, they can motivate other researchers to explore other figurative languages. The writer also hopes that this term paper will be beneficial for current and further research as well as for academic and non-academic audience.
